KANGLIM

AL-ASKAR KANGLIM

The emphasis on new technology that is on the continued expansion of the fields of the equipment relating to the environment, transportation, security, and construction lead **AL-ASKAR** to offer more contribution as well as to become a highly innovative global enterprise.

AL-ASKAR is in Partnership with **KANGLIM** initiates the development of various kinds of machines related to hydraulic technology for the better tomorrow.

KANGLIM has produced cranes and special purpose vehicles for domestic and overseas markets using state-of-the-art hydraulic technology.

KANGLIM has continuously development of complete products with high quality such as truck-mounted cranes, special-purpose vehicles for electric works, fire trucks, rescue trucks, garbage compactors and major line of environmental vehicles equipment.

As the market demand rises continuously, **AL-ASKAR** and **KANGLIM** find each other to fulfill one common goal which is to make their Customer Satisfied and give them the BEST Quality of Service they deserve. **AL-ASKAR** and **KANGLIM** got into an Exclusive Partnership where **AL-ASKAR** is the sole and only authorized dealer of **KANGLIM** products in the Kingdom of Saudi Arabia & GCC.

Management Philosophy

Supplying machineries and equipments for safe working environments and clean living circumstance.

Kanglim which aims the leading world class manufacturer

Kanglim will show you variety appearance with limitless passion and knowhow to make company culture of customer aim

2000 'History

- 2006.09 Acquired the Inno-Biz (Innovative Business Company) from Korean government
- 2006.07 GO mark for Hydro-Static Transmission type Road Sweeper Certified
- 2005.12 Voted as top of defence Industry
- 2002.06 Ministry of National Defence "Quality Management System 0050-9001" certified
- 2001.12 GO mark for Road Sweeper certified

1990 'History

- 1997.12 3 Companies were integrated by Kanglim Co., Ltd.
- 1997.11 EM mark certified
- 1997.10 ISO 9001 certified
- 1997.06 Beijing-Hualin Special Vehicle Co., Ltd. Incorporated in China
- 1993.04 President Y.S. Kim visited Kanglim factory
- 1992.12 Presidential Citation awarded for model company on national flowers
- 1992.06 The Royal Swedish Order of the "the North Polar-Star" awarded
- 1991.05 KT mark certified

1980 'History

- 1989.03 Technical License with AICHI of Japan
- 1988.09 Chongwon Factory Completed
- 1988.04 Presidential Citation awarded for New Technology
- 1988.01 Qualified as a Defence Industry
- 1986.10 Kanglim Precision Co., Ltd. Incorporated
- 1986.09 Industrial Medal of Honer awarded
- 1986.08 Kanglim R&D Center establishment
- 1985.10 Technical collaboration agreement made with HIAB-FOCO of Sweden
- 1982.07 Kanglim Machinery Co., Ltd. Incorporated & Manufacturing of Hydraulic Crane

1970 'History

- 1979.06 Kanglim Inc. Co., Ltd. incorporated

SPECIAL FEATURES:

Perfect safety in operation, excellent lifting capacity, long durability, and convenient control with various safety devices.

STRONGER AND LIGHTER BOOM:

Its boom is made of high-tensile steel and a section of boom is structure of bended one-piece steel for lighter boom weight and powerful lifting capacity.

Special valves enable smooth boom extension and retraction for smoother operation to reduce a shock when telescoping the boom.

RESPONDING TO OPERATOR'S COMMAND:

Equipped with an optimally matched, high-performance control valve, the operating levers provide improved responsiveness and fine-tuned control.

Operation is fast or slow in accordance with operator's command. The Stainless rod between left and right operation levers are provided as standard.

SAFETY:

KANGLIM equipped with automatic anti-tube lock that enables the full operation shut-off to prevent accident and damage to the equipment.

OPERATOR CABIN:

The Cabin/Control area for the operator in **KANGLIM** crane is designed to have a great view of the whole surrounding area while lifting and moving during the work, and more convenient for easiest & safest operation.

FULL CIRCLE, CONTINUOUS SLEWING:

The newly designed compact slewing post improves performance providing full circle, continuous rotation for more efficient operations.

GREATER WINCH:

The advantages from the enlarged winch drum and plunger motor are evident during start-up when maximum power is required, and re-hoisting with a load on the hook can be handled with ease from the pitch of the drum grooves to the fitting of the guide sheave, cable winding has been improved in every detail so as to prevent the cable from winding off position.

WARANTY:

KANGLIM products are 2 years warrantied for all main parts.

AFTER SALES SERVICES:

After sales services are available in **AL-ASKAR** central workshop by the qualified and professional technicians, we are understanding and we value the importance of time of our customers and always bear in mind the completion in specified time and without delay.

SPARE PARTS:

As our commitment to our customers, all spare parts are available in the warehouse and will be arranged immediately and guaranteed on time.

Working Lamp

Two working lamps(70w) installed at both sides of boom help the working in night time or indoor.

Tow Speed Auxiliary Winch

tow speed type winch enhance the working efficiency and the low-noise automatic brake minimize the working noise. Also the antitorsion wire rope lengthen its life cycle. (Applicable to 16 ton crane)

Main Winch

For 16 ton cranes(KS4806), tow speed type winch is available as option.

Accelerator

Easily control the engine RPM by cable and thereby control the crane working speed. (Applicable to over 16 ton crane)

Locking Pin

Lock the slewing bearing to prevent from rotating of crane during driving. (Applicable to over 6.6 ton crane)

Tow Stage Outrigger

Rectangular type tow stage outrigger provides wide span (7 m) and high stability. (Applicable to over 16 ton crane)

Oil Cooler

Equipped to a Crane over 7.1tons, as Standard.

Computerized Load Monitor

monitoring system ,gives better control over operation and safety.

Anti Two Block System

gives automatic locking facility for the hook block.

	6000 kg / 5 m
	1200 kg / 12 m
	200 kg / 21.6 m
Max. Working Radius	21.6 m
Max. Lifting Height	23 m
Oil tank capacity	200 L
Rated Pressure	180 kg/cm ²
Boom Type / Section	Hexagonal / 6 Stages
Swing speed	0-3 rotation/min
Hook hoisting speed	12 m / min
Elevating angle speed	-10-75°/12 sec
Boom Extending Speed	16.5m / 30 sec
Swing Angel	360° Continuous
Winch type	Motor winch
Swing type	Ring gear
Long of basic boom	5.14m
Long of all boom	21.6m
Out rigger span(Horizontal)	6.2m/4.45m
Crane weight	6200 kg
Maximum boom angle	75°
Chassis payload	Over 13 tons

Radius in Meters	BOOM LENGTH IN METERS					
2.5	14000					
2.6	13000					
3	11000	9000

 **LIFTING PERFORMANCE TABLE**

WORKING RANGE & LIFTING HEIGHT (M)

WORKING RANGE (M)

HIGH HARDNESS STEEL, COMPACT STRUCTURAL AND SMALL INSTALL SPACE

KS4806 STICK-BOOM CRANE

KS4806	
Maximum lifting capacity	16000 Kg/16 tons
Rated lifting capacity	480 KN. m
Lifting Capacity	16000kg / 3 m
	10000 kg / 6 m
	1850 kg / 15 m
	700 kg / 22.8 m
Max. Working Radius	22.8 m
Max. Lifting Height	24.2 m
Oil tank capacity	300 L
Rated Pressure	180 kg/cm ²
Boom Type / Section	Hexagonal / 6 Stages
Swing peed	0-3.0 rotation/min
Hook hoisting speed	Motor Winch
Elevating angle speed	Ring Gear
Boom Extending Speed	14 m / min
Swing Angel	-10°-75°/30 sec
Winch type	17m / 55 sec
Swing type	360° Continuous
Long of basic boom	5.8m
Long of all boom	22.8m
Out rigger span(Horizontal)	7m/5.2m
Crane weight	8500kg
Maximum boom angle	75°
Chassis payload	Over 20 tons
